Dragonborn is a new fantasy action RPG where you can create your own character and soar through the Lands Between as the Elden Lord. • The Lands Between Featuring both a vast world and a large volume of dungeons, the Lands Between is where you must build your new life. A Vast World Each area of the Lands Between has many different situations. In addition to traveling across the world, you'll be challenged by scary monsters, huge bosses, and other challenges that appear as you play. Through this dynamic, the range of your dungeon-related activities will expand, and various items will be necessary. A Large Volume of Dungeons In addition to the vast world, the game also features many three-dimensional dungeons. These dungeons contain various rooms, traps, and elevators. An Enormous World Full of Challenges In addition to the action game, the game contains a beautiful world design and themed graphics that express the drama of the Lands Between. Many Game Modes In addition to the action RPG, the game contains many diverse game modes, including a dungeon invasion mode where you must attack and destroy other players, a gacha system in which you can enjoy special contents, and many more. ABOUT THE LAND BETWEEN The Lands Between is a world between the domain of death and the domain of everlasting life in the fantasy world of Elden. The Lands Between is a place where souls that have passed into either the world of death or the world of everlasting life are reborn as lowly beasts called NPCs. In order to become an Elden Lord, you must clear the various dungeons in the Lands Between, which will lead you back to the side of death and to the side of life. It is a world inhabited by strange beasts. You can communicate with them and learn about their values. Beyond time, past lives, and death, the world also contains a lost realm. It is said that those who have attained Nirvana in this world will be reborn on the other side, in the world of life. ABOUT PIAO Piao is an independent software developer based in Kyoto, Japan, and we have released the first proof of concept version of the Dragonborn for PC. A new free expanse of RPG. The small town of Suntrème lies in the middle of the Foresea in the Kvatch region, and it was under the control of the local guild, the Sons of Brindair. However, due to a dispute over power, the guild has gone bankrupt, and Suntrème is in chaos. Meanwhile, the newly appointed Baron of Zaur has arrived in the lands. As an adventurer, he sets out to save the town. He obtains an ancient artifact known as the Elden Ring Crack For Windows, and he must find the rightful heir of the Ring. However, he soon realizes that the person who has the power to wield the Ring is a young woman named Lathia. He suddenly discovers that she is the offspring of an alien race. The alien race is named the Elden, but because of some oversight of the ancient elves, the Elden were exiled from the human lands and lost their civilization. At the same time, the town comes under attack by a mysterious individual who is tracking down the two heirs of the Ring, and they are under the protection of a former advisor to the Baron. The man, Talmat, has his own ulterior motive; he is the king of the Grassvein, a mysterious race that has existed alongside the humans and elves. The Grassvein are searching for the Elden's magical substance that can be found in the Lands Between. A tale of intrigue and betrayal intertwines as you explore a vast world where new mysteries will unveil. Plymouth Police Department said Brandon Johnson is charged with felony first-degree child abuse for allegedly raping and sodomizing his stepdaughter since she was 14 years old. Investigators said Johnson also forced the girl to engage in sexual activity with other people. Johnson was arrested after a warrant was issued for his arrest. He's being held on a \$5 million bond. The teen's mother became aware of the abuse in September 2017, when the victim told her that she was molested, according to the police. Johnson's attorney said he's innocent and ready to defend himself in court. The girl, now 19, was taken to the hospital in Rhode Island with physical injuries, including swollen and bleeding genitals, and vaginal bleeding that continued for days. **What's new:**

- **Clear and Beautiful Graphics** Images that are a joy to the eye, a treat of the senses, and an adornment to the soul. As the design for the art direction, we reached for a high-resolution look for the graphics, and cast many high-quality CGI images. Images that move and flow perfectly to the rhythm of the game, the same as the music.

- **Beautiful Soundtrack** We produced a 5-CD soundtrack of an original musical composition by renowned composer Yoshitaka Amano who has worked on the music of Final Fantasy, before release. Full of rich orchestra compositions that do not tire the ear, exciting percussions that would make high-speed actors tremble, and pieces that flow merrily between the moments.

■ **A Fantasy Adventure where your Roles are Completely Different Within the Lands Between**, your status is hugely different in the story and gameplay. At first glance, the Lands Between can be considered a medieval world in which four great military kingdoms struggle each other. However, in the Lands Between, you can freely control the status of each kingdom as one of four military lords who appear there. ■ **Trio of Heroes Founded on an Awesome Voice Actress** Storyteller Kanae Harada is the pure and honest voice of Noctis, the main character. The great voice of Dolorosa, Little May, appears as the elf elf and travels with a new player character. In addition, the voice of Zin, a loyal animal, was recorded by a troop of voice actors. ■ **A Game that Changes Depending on the Situation** A pop-up message and a scene that changes depending on the situation. You can enjoy this game in an innovative way that you cannot play the same game over and over.

■ **Create Your Own World in Unique City** "I won't be able to explore the big dungeon because it's too dark inside" "It's not just cowardly! Even when I have weapons or magic, I'm always beaten by monsters" "I like that design of the weapons, but there is no difference between the weapons" So you take great pride in your possessions. And then one day you wake up....

The recess is usually at an angle relative to the general plane of the plate. As it is difficult to accurately position the miniature lamp in the recess of the metal plate, two light-emitting parts of the lamp can not be closely positioned, so that there is a gap between the parts. A body of the lamp is not in contact with any surface of the metal plate, but at most in contact with the surface at the slot of the metal plate, so that it is difficult for heat produced by the lamp to be transferred to the metal plate. In another prior art, a lamp of small size is put in a groove of a base. A reflective plate is arranged on the base, and the reflector and the base both have a screw. After the lamp and the reflector are combined, the screw is fixed in the base by inserting it into

the base through a hole in the reflective plate. Therefore, the combination of the lamp, the base, and the reflective plate is an undoubted one-piece structure. In accordance with the above-mentioned prior art, since the lamp and the base are joined by means of a screw, the lamp and the base can not be combined together easily and simultaneously, so that a great number of lamps are required to be assembled successively. Further, since the lamp and the base are held together by means of a screw, it is difficult to fix the lamp in the base by rotation, so that the lamp is difficult to be rotated in a lamp holder during the assembly and mounting process. Further, the prior art relates to a lamp. When the lamp is assembled with the metal plate, the heat produced by the lamp will be transmitted to the metal plate by conduction. If the lamp can not be precisely assembled in the metal
