Q: Adding an image to a li menu a I am trying to add an image to the li menu a hover. The only problem is that my phone's screen is tiny and I want the image to scale to the size of the li menu a. This is my current code: Home Sample » Blog Contact About Lorem Ipsum In the li's I am trying to add an image that scales with the li's, that are supposed to change. How can I do this? A: One way would be to place your background image in a background-image: li{ background-image: url('../images/logo.png'); } ...and then scale it up using the background-size property. li{ background-image: url('../images/logo.png'); background-size: 50%; } Differential treatment of coke and coal fines in the production of high-solid bitumen: Impact of coal oxygen content and bottom ash on bitumen yield. In this study, the effect of bottom ash and coal oxygen content on bitumen yield is tested. Four pilot-scale process designs are tested using coal type B, that is, a select coals with high oxygen content, and bottom ash was recycled. In the second pilot-scale process design, coal type A and bottom ash are used and the oxygen content of the coal is kept as high as possible. The

System Requirements For Adobe Photoshop Cs4 Free Download For Windows 10:

This game will run fine on a laptop, but you'll have to wait for it to load. For better performance, we'd recommend getting a desktop PC, Mac, or tablet. In addition, this game is multiplayer, so you need to install Steam and, in the future, Direct X 11. Give it a go! Big thanks to those who have already contributed to this on Patreon and Amazon: Contributor, Renee Coombes, for her wonderful artwork! Contributor, Dan "Diast"
