Puzzle Torrent

- Create puzzles from photos - Drop a photo from your computer or a web page onto the frame - The size of the puzzle is automatically adjusted to fit inside the frame - 20 pieces with a 5 minute timer - Ability to choose from 8 to 120 pieces - Save the puzzle and share it with friends - Print puzzle - Clear frame - Ability to create custom frame and puzzle background - Ability to create custom layouts and frame shapes - Select piece names with a mouse (use arrow keys or numbers) - Ability to choose the piece colors - Different piece names and colors - Ability to export puzzle as a gif file - Ability to close window

Description Puzzle is a useful widget that enables you to easily create jigsaw puzzles from your preferred photos. You can drop a photo from your computer or a web page onto the resizable frame and it will create a jigsaw puzzle to solve with 8 to 120 pieces! KEYMACRO Description: - Create puzzles from photos - Drop a photo from your computer or a web page onto the frame - The size of the puzzle is automatically adjusted to fit inside the frame - 20 pieces with a 5 minute timer - Ability to choose from 8 to 120 pieces - Save the puzzle and share it with friends - Print puzzle - Clear frame - Ability to create custom frame and puzzle background - Ability to create custom layouts and frame shapes - Select piece names with a mouse (use arrow keys or numbers) - Ability to choose the piece colors - Different piece names and colors - Ability to export puzzle as a gif file - Ability to close window How to use Select a folder and a photo. Press the "Create" button and a puzzle is generated in seconds. Puzzle can be closed by clicking on the window's X or you can

save a puzzle as a gif file or print it. Please note: Puzzle uses Windows Media Player to show the background picture and selects the puzzle image. It can also take an existing gif file as a background. Feel free to use it! Limitations - Puzzle's source files are huge, so it needs a lot of memory to work well. - Puzzle doesn't support printing. - Puzzle is for desktop Windows only. Technical specifications Version 1.0.0 - 2edc1e01e8

Puzzle

You have access to a collection of over 250 puzzles. * A large collection of templates for your puzzles. * A way to preview the puzzle to make sure it is right before you put it together. * Letting you choose your puzzle size and number of pieces. * A way to swap out the background of your puzzle. * A way to preview the finished puzzle before it is made public. * A way to easily add or remove puzzle pieces from your puzzle. * A way to hide your puzzle once it is completed. * Easy to access settings to make your puzzle the way you want it. * Settings to show you the name of the photo or web page that you used to create your puzzle. * A tool to help you learn how to create jigsaw puzzles yourself. Features: Simple yet powerful, Puzzle offers you a completely custom experience. A fast and easy way to make simple or complicated puzzles from your favorite photos and websites. Easily change the background of your puzzle. Preview your puzzle before

you start to make sure it is right.

Preferable Puzzle Size: You can choose the size of your puzzle and the number of pieces. The size of a puzzle can be determined by the number of words in the puzzle. **Puzzle Count:** You can choose the number of pieces of your puzzle. The larger the number of pieces the larger your puzzle will be. **Bonus Feature:** The program includes a template that you can download. This template will open a blank puzzle with 20 pieces so you can get a good idea of how your puzzle will look. **Transcript:** These guys have been complaining about the same thing. This is how I respond to them. If you found this tutorial useful, I would really appreciate if you would click the like button! This way I will know that the tutorial has helped you and will make sure to create more! Now, please enjoy the video! **Achievements:** I would like to thank these people for allowing me to use their photos. If you want to be featured in a future tutorial, leave a message in the comments. **Designer:** If you would like to see more of my work, visit my website.
